

Texas Terry AKA **“Little Terror”**

Texas Terry is an approximately 2-year-old, 12-lb. Rat Terrier/Italian Greyhound mix. He is a very active, friendly boy who enjoys his playtime at the dog park. While there he loves to run and play with the other dogs. Then when he gets home he loves to snuggle on the couch with his humans. He is good with all people and appears to be good with kids and cats too. Terry is getting better about going into his crate and once he is in there he is usually quiet. Houstraining and learning to walk nicely on a leash are on-going, and he will benefit from obedience training. He does have an issue with submissive peeing and some marking in the house, but he is working on this and is making progress.

Future plans for Terry include Agility, Flyball and whatever else we may think he would enjoy doing
