

Kayla November 3 1996 to July 7 2008

What can we say about our Kayla she was the Boss of the home and everyone knew she was our Queen.

But she was the sweetest best mommy out there. Until the day she left us, she loved to play with her babies and even her grandchildren. Where she got her nickname Granny Kayla did do agility but she would prefer being on her soft pillow on the couch watching TV.

Kayla loved to lie in the sun all day long. It was never too hot for her.

Kayla thank you for giving us you're beautiful offspring Bailey and Chelsea
We know you are happy and playing on that rainbow in the sky. I am sure there are lots of pillows and sunshine
Till we meet again my sweet

A TIME TO REMEMBER

They come into our lives for such a short time
a time we wouldn't trade not even for a dime
Then before you know it the years have flown by
and then all of the sudden we're saying good-bye
It wasn't that long ago we said our good-byes
we held on to you tight as you closed your eyes
Your spirit has flown home on the wings of a dove
into God's loving arm's; in heaven above
Over the days we've shed many tears
but the memories we have will live on for years
We feel your presence and we know that your near
you're keeping us safe and calming our fear
We think about memories from years past
when you were young and strong and ran so fast
we remember all the great times that we all had
how you always made us happy never made us mad
They were the best and happiest years we had
we'll always look back on them and never be sad
We look forward to the time we'll be together again

and we thank the Lord for such a great friend
Now you run and play up in Heaven above
cradled in God's arms covered with his love
Playing by the Bridge waiting for the day
we come down thru the meadow to the bridge to stay
The love that you showed us we'll never forget
because to us you're one very special pet
You're like a star in the dark of night
always watching over us with the Lord's light
So now we take time to remember our best friend
who will always be with us even to the end
We'll always remember you the way you were
one big lovable huggable pile of fur
John Quealy
