

Maax

AKA "Maximus Velocitus"

Maax is a rescue from the Ratbone Rescue organization in the US. He joined our pack in the summer of 2006 at 18 months of age. As our 2nd rescue dog in our furry family, he blended with the dogs in 1 week from coming home and is currently working on abdicating Benny, which is 4th in-line to the throne and perhaps capture Blu's crown within the next few years. Ahhhh, if only he knew of Luke and Mollie's devious plans to overthrow the Queen before he does...

He is a Rat Terrier true and true. At first, he was very nervous around larger breeds, but as since mellowed out a lot. To further help with his social recovery, he started training in Obedience, Agility and Flyball as a height dog. In Aug 06, he attended in his first-ever public agility demo at a local school in K'Town. Although he did not actually participate in the demo, he did pretty well as a guest appearance. The kids really liked him and he returned the favours by pestering them with non-stop "nose licking" and "tug with me" games.

Maax has since become a very good little dog with everyone's help. He is very fortunate to have such great friends to watch over him. Thank you all (canines & people) for being part of his family!!!
