

About Christina Saunders

Christina Sanders has been an agility addict since her first competition back in 2004. She loved the sport so much that she took on the challenge of becoming a judge just 4 years later and has been happily watching teams from centre ring ever since. Because of her 3 dogs, Abbi, Rhyval, & Quasi (modo), she has been on 14 different world teams spanning IFCS, FCI, & WAO where she has won 6 medals, including that of World Champion. Being a proud weekend warrior has enabled her to achieve AAC's title of Versatility Lifetime Award twice over, become one of only 15 handlers to earn the Versatility Platinum Award, and use those hard earned skills to win 6

National + 9 AB/NWT Regional Championships. Through her dedication she has been coaching others for the last 13 years at OC Agility where she also co-hosts 6+ trials a year. Open, flowy, safe courses with appropriate challenges are what Christina strives to create to give all teams a chance at success, regardless what size of dog is running on them.
